- Tania

Disclaimer: All mobile phones in this list have been tested comprehensively by Widex, and have been found to fulfil the minimum requirements for UNI-DEX compatibility at the time of testing. However, Widex takes no responsibility for such compatibility in general. Specifically, Widex shall not be responsible for incompatibility resulting from future updates of the mobile phones, nor from events of incompatibility not covered by and/or found in these tests. Widex takes no financial responsibility in terms of reimbursements of mobile phones which do not work as expected.
