WIDEX **DREAM**[™]
TRUE TO LIFE SOUND

THE **POWER** TO **MAKE A** **DIFFERENCE**

If you have severe-to-profound hearing loss, then it is essential that your hearing aids have enough power to let you enjoy hearing. But power alone does not provide great sound.

The new FASHION POWER hearing aid from Widex has enough power to help you in any listening situation while still giving you the incredible sound quality you would expect from the most advanced technology available.

With FASHION POWER, you can enjoy richer sound without any distortion and hear more details from the world around you. And you can enjoy conversations even in the noisiest of situations. All with natural, true-to-life sound.

SIMPLY **EASY** TO **USE**

FASHION POWER is designed to be easy to use. Its failsafe technology and fully automatic design lets you simply listen while **FASHION POWER** does the rest.

And if you think that all that power uses a lot of batteries, then think again. **FASHION POWER** has a special feature called PowerSaver that lets you enjoy using your hearing aid for longer periods without changing batteries.

So you can get on with hearing without worrying.

I FEEL LIKE I HAVE SO
MUCH **ENERGY** NOW. I CAN
ENJOY BEING OUT WITH
MY FAMILY AND STILL **HEAR**
WHAT THEY SAY
